

**FROM THE PRINCIPAL**

Dear Parents and Community Members,

Dear Parents & Community Members,  
The information enclosed in this report reflect our students results on administration of the Smarter Balanced Assessment Program. In the past you have seen school ranked on a scale of 1 through 5 based on test results, percentage of student tested, graduation rate, and attendance. However this year there is no ranking applied to the school by the Oregon Department of Education. Echo School District on average out performed the state average and like school size average in all areas except in math. Our 5 year school completion rate of 100% is above the state average, along with nearly perfect participation rate (% of students who took the state assessment), and high student attendance rate. You can also see how our students on a whole scored in comparison to

the state average and schools our size. In English Language Arts we are above the state average and school of our size, while in math we are slightly below the state average and schools our same size. Over all Echo School District received rating of 4 (out of 5) in Academic Achievement and 5 (out of 5) in Academic Growth and Graduation . What we promise to you is we will continue to improve as educators and continue to do our very best to provide your child the best possible quality education we can.

Thank you,  
Principal | Raymon Smith

**OVERALL SCHOOL RATING**

Given the recent passage of the Every Student Succeeds Act (ESSA) and the expiration of Oregon's ESEA flexibility waiver on August 1, 2016, the State of Oregon will not assign ratings (i.e., overall and comparison school ratings) to schools for the 2015-16 school year.
